After hearing argument by counsel the court directed an order of reference to a master to find the number and amount of outstanding bonds under the first and second mortgages, and the amount due the Union Trust company for expenses, services, etc., and also an order of reference to a master in chancery to find the facts con-cerning the particulars of the stockholders and to report under both orders by the first Monday in January, at which time the court will pass a final decree upon the first mortgage, and will consider the question of permitting the stockholders to intervene upon the facts reported by the master. It is likely that the whole matter will be adjusted in a short time.

The amount of the first mortgage is now omething over \$4,000,000, and is being increased by the construction of extensions from day to day. The second mortgage was ori smally \$1,000,000, and is being in at the rate of \$5,000 per mile,
